Per Wikipedia, only **57** females have ever served as a U.S. Senator (5 of which also being People of Color)  
[https://en.wikipedia.org/wiki/Women\\_in\\_the\\_United\\_States\\_Senate](https://en.wikipedia.org/wiki/Women_in_the_United_States_Senate)

Per History, Art & Archives of U.S. Representatives, 1,984 people have served as a U.S. Senator.  
<https://history.house.gov/Institution/Total-Members/Total-Members/>

That means only **81** of all Senators that have ever served in U.S. history have been African American, Asian American, Hispanic American, Native American, or female.

In other words... **96%** of all Senators in U.S. history have been white men.
